Our young people are not only the future leaders of government and private industry, our young people are the future of Prince Hall Masonry. We must be mindful that some of our recipients will embark upon the mysteries of Masonry as they matriculate through their higher education. Simply put, some of the scholarship recipients, whom are very talented citizens, will remember that they received a Prince Hall scholarship, and embark upon the mysteries of Masonry later in life. Therefore, let us sow seeds in our youth who are **voluntarily** creating a better life for themselves. As we sow the seed of charity in our youth, our community will enjoy the harvest of a productive citizen that we all can be proud of.

Respectfully and Fraternally,

Lamont P. Mitchell, Scholarship Chairman
